NOTICE OF PENDING ADDRESS CHANGES

December 5, 2025

Residents of Goodlander Drive,
Goodlander Court,
Goodlander Circle,
North 13th Street

This letter is being sent to residents on these specific streets to advise you of pending address changes. These changes are necessary to ensure adequate emergency response and the safety of all residents on these streets. The clustering of similar street names in a specific area is not the best practice when it comes to addressing. This type of clustering creates confusion for emergency responders as well as mail delivery services. I recognize that address and street changes can be an inconvenience and we will do our best to keep you informed along the way as well as providing you resources to assist in this critical endeavor. Below you will find helpful information regarding this change. If you have any questions or concerns please do not hesitate to contact me or another staff member. Contact information will be provided at the bottom of this notice. I want to thank you in advance for your patience and understanding as we move forward with these critical changes. Based on feedback from residents in these areas we have modified the street names from the original proposal. While there were differing opinions regarding the names, we believe that the updated names reflect a majority consensus in these neighborhoods. I appreciate all of the hard work that residents did to communicate with each other to find compromise.

Respectfully,
Steve Zetz
Community Development Supervisor

What Is Changing?

The following street names will be renamed as identified in table 1A.

Current Street Name	Proposed Street Name	Note
Goodlander Drive	Nordic Heights Drive	This keeps with the Nordic theme of the area
Goodlander Circle	Icelander Circle	This keeps with the Nordic theme of the area
Goodlander Court	Denmark Court	This keeps with the Nordic theme of the area
N 13 th Street	Gunnar Lane	N 13 th is segmented from another N 13 th Street.

P: 509-698-7365
F: 509-698-7372

The proposed numeric change to the following 3 residences has been suspended until such time that the adjacent parcel develops. Upon receiving a development application the residents will be notified of an address change.

Current Address	Proposed Address	Reason
1015 Goodlander Drive	1015 Nordic Heights Drive	Adequate numeric spacing was not incorporated into the subdivision resulting in unimproved land unable to be addressed following the block numbering system. In other words these changes are required in order to assign new addresses in a sequential order.
1017 Goodlander Drive	1017 Nordic Heights Drive	
1019 Goodlander Drive	1019 Nordic Heights Drive	

Table 2A Numeric Changes

Why Are You Changing Addresses?

Addressing is a critical part of emergency response. When minutes can make the difference between life and death it is important to ensure that emergency responders can quickly locate and respond to any emergency situation. As communities grow, so does the need to clearly differentiate streets and block numbers. In the case of the "Goodlander" streets, the block numbering and street names are duplicated which creates confusion for mail delivery services as well as emergency responders. As the Community Development Supervisor it is my most sacred duty to address life safety concerns when lives are at risk, therefore these changes are necessary and prudent. This change is supported by the United States Post Office, Selah Police Department, and Selah Fire Department.

What Is The Timeline?

These changes will be **effective January 3, 2026**, after the holidays. The Post Office will forward mail for up to 6 months after this date. This will provide affected residents plenty of time to make notifications of the address change.

What Else Should I Know?

The City of Selah will be installing new street signs that meet todays standards for visibility. There are a few houses that are set back from the roadway making house numbers difficult to observe from the roadway. These homes should provide and install address sticks along the roadway. Please ensure that your house numbers affixed to your home are contrasting in color.

Examples of stick address markers

There are a variety of low cost and decorative options when it comes to address markers. These markers are necessary when a home or its address is not visible from the roadway due to the shape of the lot. They should be placed near driveways abutting the public or private road and should be contrasting in color.

How Much Will this Cost Me?

With the exception of the homes needing address sticks, there is no cost other than the time necessary to notify persons and businesses of the address change. Change of address forms are free and most businesses allow you to modify your address online.
