**Selah City Council**  
Regular Meeting  
**AGENDA ITEM SUMMARY**

Meeting Date: 7/23/2024

Agenda Number: 10C

Action Item

**Title:** Resolution Authorizing the Public Works Department to Purchase a new Generator for Well No. 6 and the Zone 3 Booster Pump Station

**From:** Rocky D. Wallace, Public Works Director

**Action Requested:** Approval

**Staff Recommendation:** Approval

**Board/Commission Recommendation:** N/A

**Fiscal Impact:** \$138,870.19 (which is inclusive of sales tax)

**Funding Source:** 411 (Water Fund)

**Background/Findings/Facts:** The City desires, as part of its Well No. 6 and Zone 3 Booster Pump Station Project, to install a new larger-sized permanent generator where an undersized temporary one currently exists.

A quotation has been received and shows that the cost of a Caterpillar C15 500kW Diesel Generator should prove to be \$138,870.19 (inclusive of sales tax and a 24-month preventative maintenance agreement for the years 2025 and 2026). The City’s adopted 2024 budget – via Ordinance No. 2216 – already includes sufficient monies that were specifically designated for this contemplated purchase.

The Generator would be purchased from NC Power Systems, via the Sourcewell purchasing cooperative.

The attached proposed Resolution will, if approved, authorize Public Works to purchase the new generator.

The City’s existing undersized temporary generator will be retained and relocated to another well site and used for emergency back-up power at such location.

**Recommended Motion:** I move to approve the Resolution in the form presented.

*Record of all prior actions taken by the City Council and/or City Board, City Committee, Planning Commission, or the Hearing Examiner (if not applicable, please state none).*

3/26/2024	Resolution No. 3099 Authorizing the Mayor to “Task Order No. 2024-03” with HLA Engineering and Land Surveying, Inc., for professional services related to the City’s Well No. 6 and Zone 3 Booster Pump Station Generator Project
-----------	---

RESOLUTION NO. 3136

RESOLUTION AUTHORIZING THE PUBLIC WORKS DEPARTMENT TO PURCHASE A NEW GENERATOR FOR WELL NO. 6 AND THE ZONE 3 BOOSTER PUMP STATION

WHEREAS, the City desires to purchase a new generator capable of running both Well No. 6 and the Zone 3 Booster Pump Station; and

WHEREAS, the cost of a new Caterpillar C15 500kW Diesel Generator is expected to be \$138,890.19 (inclusive of sales tax and a 24-month preventative maintenance agreement for the years 2025 and 2026), as set forth on a quotation that the City has received (which is labeled Quote Number: 31358317); and

WHEREAS, to purchase and acquire the generator, the Public Works Department would utilize the Sourcewell purchasing cooperative, which is a governmental agency based in Minnesota that provides assistance to municipal entities throughout the United States; and the generator would most likely be purchased from NC Power Systems, which has a location in Tukwila, Washington; and

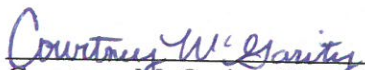

WHEREAS, the City Council finds that good cause exists to proceed with this transaction;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SELAH, WASHINGTON, (a) that the Public Works Department be and is authorized to purchase and acquire a new generator for a maximum price of \$138,890.19 (inclusive of cost) or any lesser amount that might prove possible; and (b) that the Public Works Director and/or his designee be and are authorized to sign any documents and to undertake any actions that are necessary to effectuate such purchase.

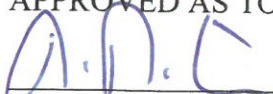

PASSED AND ADOPTED BY THE CITY COUNCIL OF THE CITY OF SELAH, WASHINGTON this 23<sup>rd</sup> day of July, 2024.

<sup>1</sup> For ambient and altitude capabilities consult your Cat dealer. Air flow restriction (system) is added to existing restriction from factory.

<sup>2</sup> Emissions data measurement procedures are consistent with those described in EPA CFR 40 Part 89, Subpart D & E and ISO8178-1 for measuring HC, CO, PM, NOx. Data shown is based on steady state operating conditions of 77° F, 28.42 in HG and number 2 diesel fuel with 35° API and LHV of 18,390 BTU/lb. The nominal emissions data shown is subject to instrumentation, measurement, facility and engine to engine variations. Emissions data is based on 100% load and thus cannot be used to compare to EPA regulations which use values based on a weighted cycle.

<sup>3</sup> UL 2200 Listed packages may have oversized generators with a different temperature rise and motor starting characteristics. Generator temperature rise is based on a 40° C ambient per NEMA MG1-32.

**Title:** Ordinance Amending the 2024 Budget for a Capital Purchase of Police Department Real Estate

**From:** Kimberly Grimm, Finance Director

**Action Requested:** Approval

**Staff Recommendation:** Approval

**Board/Commission Recommendation:** Approval

**Fiscal Impact:** \$950,000 of APRA funds; \$18,953.43 of General Fund funds

**Funding Source:** 140 Contingency Reserve Fund; 001 General Fund

**Background/Findings/Facts:** In early 2024, the City purchased the three parcels and all improvements thereon where the Police Department currently operates. The City Council approved using ARPA reimbursement funds to cover such purchase, the purchase is fully complete, and now the City's 2024 Budget needs to be adjusted so that the impacted fund accounts properly reflect how the purchase occurred.

The transfer of \$611,147 from the Contingency Fund where some ARPA funds have been held, along with \$738,853 of other ARPA funds currently held in the General Fund, will cover the purchase price. Closing costs in the amount of \$18,953.43 were also expended from the General Fund.

After this occurs, the City's still-remaining-balance of ARPA funds are obligated – via the budget – to City Hall repairs (\$150,000) and Civic Center remodeling (\$250,000).
