Drill Instructions

Year End Show of Pride
Show the community how proud we are of our equipment, and show everyone how much it means to you to be part of this great department. Wash, wax, clean. Trucks, equipment, apparatus compartments, stations, floors, etc.

Year End Equipment Check
Last minute tidy up. Make sure the essentials on the apparatus are stocked, the station is cleaned up, the trucks are cleaned and go through everyone's training file. Officers - you should know, or have a list, of what should be in the trainng files. If required training is missing, you shoud assign that to be completed tonight.

Awards Banquet
Civic center: Be early, visit, and make sure the family is there and ready to have a good time!

To everyone
Thank you for a great 2018! We are making good progress in our efforts to keep up with this ever changing profession. We had a fun filled year and I am excited to see what next year brings!

Upcoming Training

There are always opportunities at the National Fire Academy in MD. http://www.usfa.fema.gov/training/nfa

See DC Lange for registration of classes, for anything that you don't see posted, or if you have any questions.

Have fun, be safe, and train like you fight.

Thank you,
Jim Lange
