# PLAT PLAN CHECKLIST & INSTRUCTIONS

**In Order For Application To Be Determined Complete, A Plat Plan Must Be Completed And Returned.**

**A Detailed Plat Plan Is Required:** All information that is applicable to your proposal shall be checked off and clearly displayed on the plat plan. It is in the applicant's best interest to provide a carefully drawn and scaled plat plan with all required information. The decision on whether or not to grant approval of your development proposal is largely based on the information you provide. An application cannot be processed until an adequate plat plan is submitted.

Please complete this checklist and include it with your plat plan. The plat plan must contain all pertinent information. Items not applicable to the proposed project shall be noted.

- 1) **Use Ink:** Use blue or black permanent ink. It may be helpful to draft the plat plan in pencil then trace over in ink. Ink is necessary for adequate duplication.
- 2) **Use A Straight Edge:** All lines must be straight and done with the aid of a ruler or other straight edge. Use a compass when delineating circular drawings such as cul-de-sacs. Computer drafted plat plans are acceptable and preferred.
- 3) **Draw To Scale:** Plat plans shall be drawn to scale. The plat plan template has a suggested map scale of one inch equaling twenty feet (1"=20'). Distances on the map must be as representative of reality as possible. For example, if the distance from a structure to a property line is 20 feet, the distance on the plat plan will be 1 inch.
- 4) **Use Plat Plan Checklist:** Use the plat plan checklist and provide all applicable information on the plat plan.
