## FOOTING AND FOUNDATION PERMIT

DATE: \_\_\_\_\_

PARCEL NO. \_\_\_\_\_

NAME: \_\_\_\_\_

ADDRESS: \_\_\_\_\_

Pursuant to Section 105.1, International Building Code, permit Number \_\_\_\_\_ has been issued for construction of footing and foundation only.

The permit holder shall proceed at his own risk without assurance that the permit for the entire building or structure will be granted.

The permit holder shall proceed at his own risk, and with full knowledge that after the building or structure plans have been reviewed the plans examiner may have required the footing and foundations to be different than submitted. It will be the responsibility of the permit holder to remove/alter the footings and foundations as required by the approved plans and as directed by the building official.

The permit holder shall proceed at his own risk, and with full knowledge that after the building or structure plans have been reviewed the plans examiner may have required the footing and foundations to be located in a different location than submitted because of requirements established in the International Building Code. It will be the responsibility of the permit holder to remove/alter/move the footings and foundations as required by the approved plans and as directed by the building official.

Permit \_\_\_\_\_ authorizes construction of footings and foundations only. Work carried beyond the footings and foundations will be in violation of City of Selah Building Code Ordinances and subject to all of the entire enforcement actions provided for under those ordinances, including the charging of investigation fees and issuance of stop work orders.

I have read the above information and understand that the permit issued is limited to footings and foundations only and that no work shall be done other than the footings and foundations under the terms of permit number \_\_\_\_\_.
